

integrated Knowledge Translation (iKT) template for proposal writing

Planning an iKT research project:

| <p>Who are your knowledge users?</p> <p><i>(Who are the individuals who will benefit from your research? Consider patients, stakeholders, policy makers and decision makers, clinicians).</i></p> | <p>Why emerge knowledge users in your research?</p> <p><i>(Where in the research process might it be benefits to have knowledge users perspectives).</i></p> | <p>How will you engage these knowledge users in your research?</p> <p><i>(What strategies can you use to reach them? At what level should they be involved?)</i></p> | <p>What are some facilitators and/or barriers to engaging these knowledge users?</p> <p><i>(Consider some of the advantages and available resources, as well as some of the challenges unavailable resources).</i></p> |
