

Patient Engagement Application Development Award (PEADA)

The Patient Engagement Application Development Award will be offered by the Saskatchewan Centre for Patient Oriented Research (SCPOR). Funding is available to support up to 25 teams to a maximum of \$2,500.00 per team; funds will be awarded to eligible researchers on a first-come, first-served basis.

Funds can be used to cover costs associated with patient engagement including honoraria, travel reimbursement and costs associated with hosting meetings. Note that travel reimbursement for staff, researchers and trainees is an eligible cost if they are travelling to do patient engagement activities. As per SCPOR guidelines, patient and family honoraria should be budgeted at \$100/day and \$50 for less than 5 hours. Travel reimbursement shall be based on institutional rates and elder or Knowledge Keeper gifts should be as is culturally appropriate.

Funds will be transferred from SCPOR to the home institution of the Principal Investigator (PI). The funds are available to the PI from the funding decision date to the Sprout application deadline of November 1, 2018. The PI will be responsible for allocating and reporting on funds in alignment with [CIHR Guidelines](#). The Patient Engagement Platform will support teams by processing honoraria and expense reimbursement for patient/family advisors and will send an invoice to the PI for payment at the end of the award period. The PI is required to return unused funds and to complete a final financial report to SCPOR by December 31, 2018.

Requests for Patient Engagement Application Development Awards will be accepted beginning June 15th on a first-come first-served basis. Recognizing the importance of engaging patients in the development stage, we will review applications in two cohorts. Applications should be submitted before 4PM on June 28th or before 4PM July 20th. Note that this is first-come first-served process; therefore, if 25 applications are received on June 28th, there will not be a July 20th review date.

Apply by submitting the following information to scpor_info@usask.ca.
