

Honoraria is an offer of appreciation to Patient Partners/Patient Family Partners who are supporting programs or services, engaging with or participating in SCPOR/SHA committees, working groups and/or initiatives not being remunerated through other means. Honoraria is intended to be an expression of appreciation, not a wage replacement.

On April 1, 2021, SCPOR's Patient Engagement Platform joined the Saskatchewan Health Authority and adopted their honoraria policies for Patient Partners/Patient Family Partners. The changes can be found below:

Honoraria Rates (Effective April 1, 2021)

\$25 for less than 2 hrs

\$50 for 2-4 hrs

\$100 for more than 4 hrs

Honoraria Policies (Effective April 1, 2021)

Meeting Preparation: *Prep time will be recognized by honorarium, and will be combined with the meeting time*

Travel Time: *Honoraria is not provided for travel time*

Taxation: *T4A issued for honorariums accrued over \$500/calendar year*

Accumulation of Hours: *Hours spent in multiple meetings during one day will be totalled*

Training/Other: *Honoraria is not provided for orientation or other education events that Patient Partners/Patient Family Partners are not required to attend*

Note: The terms Patient Partner and Patient Family Partner are interchangeable, and reflect the language used by SCPOR and SHA, respectively. SCPOR encourages the use of the term with which the patient or community feels most comfortable, not limited to Patient Partner or Patient Family Partner.
